SENATE AWAITS
PRESIDENTIAL
ATTITUDEAny Message From The White
House Will Be Signal For
Renewal Of League Fight

NEW DEVELOPMENTS EXPECTED

By L. C. MARTIN
(United Press Correspondent)
WASHINGTON, July 28.—The eyes of the Senate were cast toward the White House today in expectation that the next move will be made in the league fight in that direction.

Whether the new move will be in the nature of a statement of the attitude on reservations, an explanation of Shantung or a statement on the failure of the President to present to the Senate a copy of the French treaty, it will be the signal for Senate activity.

Meanwhile the Senate debate on the league continues. Walsh of Montana spoke on the Irish question, Shantung and Article 10.

The Foreign Relations Committee will finish reading the text of the peace treaty and give some time to the consideration of the Columbian treaty.

Before starting on his nation-wide tour President Wilson will confer with Democratic leaders both in the Senate and House regarding the crisis in the ratification of the peace treaty and league of nations covenant. The House will recess during the trip but debating will continue in the senate. While on the tour Mr. Wilson will keep in close touch with developments at Washington and plans have been laid whereby he will be furnished copies of all speeches made so that he can bring his speeches up to date on the road. He will also be in a position to advise administration leaders on their course of action in the senate in the event of emergencies.

AGED MARIETTA
LUMBERMAN HAD
FRIENDS HERE

MARIETTA, July 28.—Another landmark has been removed from Marietta in the passing of Benjamin F. Hiestand, who, notwithstanding he was in his ninety-second year, was yet among the active business men of this community and one of those who had much to do with the shaping of the town's destinies.

Mr. Hiestand passed away surrounded by the members of his family at 4:15 o'clock Tuesday afternoon. He has frequently been referred to as one of Marietta's Grand Old Men. He was a substantial and conservative business man, a veteran banker, a practical farmer, and his philanthropic works were numerous, although he took great care to hide his charity.

He was deeply interested in the recent war and always contributed very liberally to all of the war work calls. The death of his grandson and namesake, Lieut. Benjamin Hiestand, the young aviator who lost his life June 10, 1918, in an airplane accident at Arcadia, Florida, was a great grief and shock to him.

Mr. Hiestand will be remembered by all of the pioneer lumbermen of Clearfield county. He was the Marietta buyer of many rafts which were floated from this region. It is said that the last consignment of logs which he bought were shipped by Alfred Graham and James Mitchell both of whom were personal friends of Mr. Hiestand.

JOHNSON ADMITTED TO BAIL

Walter C. Johnson, the DuBois man charged with criminal assault upon a Union township young lady, was admitted to bail this morning and released from jail. A \$2000 bond was given.

CHAUTAUQUA OPENS
WITH HEADLINERS
HERE TOMORROW

This year's Chautauqua, with a program bigger and better than ever before, opens at Lower Witmer Park tomorrow afternoon and will continue during the afternoon and evening of the coming following six days.

The following telegram has been received by the local guarantors:—

Roanoke Rapids, N. C.,
June 18, 1919.

Chautauqua Guarantors,
Clearfield, Pa.

We feel it a duty to urge you to appeal to your people, young and old not to fail to hear Chancellor Bradford's wonderfully inspiring lecture. Capacity audience here listened with breathless interest to the end and wished for more. The children even were quietly attentive. Impossible to estimate the full benefit to our community but we are satisfied we have already received the full value of our Chautauqua guarantee. We enthusiastically recommend him. See to it that every child of school age hears him.

Roanoke Rapids Guarantors.

PROGRAM

First Day

AFTERNOON Admission 35 cents

2:30 Series Lecture—Chautauqua Superintendent.

Concert—Pietro Mordelia Company.

EVENING Admission 50 cents

7:30 Concert—Pietro Mordelia Company.

Lecture—Chancellor Bradford—

"Sunrowned Manhood."

George H. Bradford, former Chancellor of the University of Oklahoma, has just returned from Australia where he was a feature lecturer on the first Australian Chautauqua. He was chosen to help introduce the Chautauqua movement into Australia because of his power as a speaker and his virility as a man. In his lecture "Sunrowned Manhood" he has plenty of scope to utilize his great experience, his scholarly attainments, his love of humanity, and his belief in the "quest of light." He is a magnetic speaker with a splendid interpretation of a vital subject. In appearance he is like William Jennings Bryan. In eloquence he is like Bryan. Hear him on the opening night of Chautauqua.

KOSMAN IDEA WOULD
REDUCE H. C. OF L.

By ROBERT WELLES RITCHIE
LONDON, July 28.—The whole world will go naked as soon as it is properly educated" by the Kosmanites, a religious cult founded by D. R. Newberry, of Rochester, N. Y., fifteen years ago, the British branch of the society asserts.

Following the Revelation by a newspaper that the Plymouth colony of Kosmanites is permitting boys and girls up to fifteen years to run naked, Universal Service investigated the situation.

The correspondent found a barn-like structure, resembling an army hut, hidden away in a small woods near the suburb of Bülham, overgrown with weeds and bushes, with plenty of vegetables all around. This hut is used as a tabernacle.

The Kosmanites believe in going to "church" naked. Balthazares hardly know of the existence of the strange creed in their midst. They thought the best deserted and were surprised to learn the "congregation" numbered more than 200.

The London Kosmanites are bitter against their Plymouth brethren, calling them "secessionists," who have no connection with the "mother church."

Brother H. T. Mercer, leader of the faithful, who is a prison warden, said indignantly:

"Plymouth acted prematurely. The world is not ready yet for nakedness. But our idea is right and our cause is good: The whole world will adopt it as soon as it embraces the teaching of the Kosman church."

"We believe in living next to nature. We are vegetarians and prohibitionists, though I believe some members of my congregation are not teetotalers."

"To display the naked beauty of the human body is all right. It gives the sun a chance to work beneficially on the body, too. Adoption of our creed by the world will come, sure as fate, and shame will disappear!"

CHAUTAUQUA GUARANTORS
MEETING TONIGHT

There will be an important meeting of all Chautauqua Guarantors at the Y. M. C. A. tonight (Monday) at 7:30. Mr. Wells, the Superintendent, will be there to meet all guarantors and to discuss several important matters at that time.

Mr. and Mrs. E. W. Gordon and family, Miss Ann Cooper and Merrill Stevens, all of Coalport, motored to Clearfield yesterday and spent the day as guests of Mr. and Mrs. A. G. Kramer on Nichols street.

Miss Mary Westcott has returned to Central State Normal School after spending the week-end with her parents on Nichols street.

Mrs. A. C. Williams and sons Bruce and Donald have returned from a visit to Liberty, Pa.

Hobart Callahan transacted business in Grassflat today.

GAME LAWS AND REGULATIONS ARE
CHANGED BY NEW LEGISLATION

HARRISBURG, July 28.—With the exception of a change in the open season for woodcock from October 20-November 30 to October 1-November 20, removing red squirrels from the protected list, making the open season for blackbirds August 1-November 30, instead of September 1-November 30, and decreasing the season's bag for rabbits from 40 to 10 and the daily bag for woodcock from ten to six, the closed seasons and the bag regulations have been unaffected by the game measures so far signed by the governor.

1919-20 Open Game Season

October 20 to November 30—Ruffed grise, Virginia quail, ringneck pheasants, Hungarian quail, gray, black and fox squirrels.

October 1 to November 30—Woodcock.

November 15 to November 30—Wild Turkey.

August 1 to November 30—Blackbirds.

November 1 to December 15—Wild rabbit and hare.

September 1 to December 31—Raccoon.

October 15 to December 15—Bear.

December 1 to December 15—Deer.

August 1 to November 30—Upland or grass plover and blackbirds.

September 1 to November 30—Rail-coot, mudhen, redbird, sandpiper, tattler, curlew, jacksnipe and shore birds.

September 16 to January 31—Water fowl.

Woodcock, six per day.

Wild turkey, one a season.

Ruffed grouse, four a day and 24 a season.

Change in Fish Laws

A series of amendments to the fish code that have been approved by the governor take the size limit of the brook and brown trout and limit the bag to 25 a day. The size limit is also taken off of yellow perch, which it is now lawful to take by any legal device during any season of the year.

DAVIS PLEASED
AT EXPOSE
BY PROGRESS

So He Said But He Failed To
Continue Business And To
Establish An Office Here

HIS ADS STILL APPEARING

The versatile and friendly Mr. Davis, self-styled bond broker and dealer in investment securities, who made DuBois his headquarters until he found it expedient to hunt green pastures, was a guest sport. After from making himself generally popular about the third class city, he has the happy faculty of making the best of a bad condition and taking advantage with stoicism.

While his DuBois friends were relying to his assistance on the occasion of The Progress exposure, saying that the editor did not know what he was talking about and that The Progress was most certainly abusing a deserving gentleman who was carrying on a legitimate business, Mr. Davis denied that the printed evidence was having any effect on his business and addressed a letter to The Progress which is here reprinted:

DuBois, Pa., April 30, 1919.
Mr. G. A. Stewart, Editor,
Clearfield Progress,
Clearfield, Pa.

Dear Sir:

I am in receipt of your recent communication, in which you advise me that the columns of The PROGRESS are no longer available for my advertisements. My increasing volume of business has prevented me from writing you before now, but it might interest you to know that I consider the front page publicity which you kindly gave me in your issues of April 15th and 16th, respectively, the best gratuitous publicity which I have ever enjoyed in my entire business career, and so well pleased am I with the results obtained through the columns of the CLEARFIELD PROGRESS, that I am now requesting you to send me a statement covering the entire cost of this advertising, and I will at once remit you my check in full for same. IT CERTAINLY PAYS TO ADVERTISE.

It might be well to also advise you that I was the second volunteer subscriber in my District to the present VICTORY LOAN.

Yours respectfully,

H. L. DAVIS.

Appreciating the remarks of Mr. Davis with regard to advertising as much as we do, there is the poignant odor of sour grapes to the letter that it was not written in honesty and truth is evidenced by the fact that, though the market for bonds continued just as brisk, probably more so, Mr. Davis closed his office less than six weeks after the letter was written and reports indicate that he did little business this side of the mountain after April 25th.

It was authoritatively learned yesterday that Mr. Davis was arranging early in April to open a branch office in Clearfield, but that the articles appearing in the Progress made him change his mind about the fertility of the soil in this city.

Probably the Burns Agency can get the address of the bond broker by communicating with those Clearfield county newspapers who are still carrying his advertisements. At any rate they will probably be glad to cooperate with Mr. Burns in getting his address in the hopes of making a collection of account.

FELL FROM LIGHT POLE

James Spence, of Cherry Street, employed by the Penn Public Service Company, slipped and fell from an electric light pole along Ogden avenue, in front of the residence of Al Rodgers, about 7 o'clock last evening.

Mr. Spence lit on his head and shoulders and suffered a badly broken arm and other serious injuries. He was taken to the Clearfield hospital, where his injuries are being attended to and where he is reported this afternoon as resting fairly well and improving nicely.

INVITATIONS ISSUED

Mrs. William Powell has issued invitations for a bridge and supper to be given at her home on West Front street Tuesday evening.

HARRIS LETT
GIVES IDEAS OF
LEAGUE

Lawyer Of A League But
Not Think Present Covenant
Safe One For The U. S.

POINTS OUT ITS DEFECTS

WASHINGTON, July 28.—Chas. E. Hughes in a letter to Senator Frank Hale of Maine made public today declared in favor of the league of nations but recommended that certain reservations to the present covenant be necessary to protect American interests. He made four suggestions.

First. That any action be allowed to be taken from the league after the expiration of the two year period and not at the type of those nations up the league, provided that no nation be permitted to take this step to repudiate debts or liabilities.

Second. That the matter of immigration and import duties, when they do not affect any international agreements, be matters of domestic policy and not subject to review by the league.

Third. That the United States under Article 21 make the necessary reservation to keep intact the principle of the Monroe Doctrine and that the U. S. maintain her position as protector of the western hemisphere.

Fourth. That the United States under Article 10 does not assume any obligation to use its army and navy for punitive services under the league except under authority given by the Congress.

Mrs. Hattie Shannon, of DuBois, arrested at the instance of the Clearfield County Medical association on the charge of practicing medicine and dispensing cases without a license, was given a hearing before Alderman John P. Anthony, Friday afternoon. The Commonwealth, represented by District Attorney, H. T. Hall, produced ten or twelve witnesses to whom the defendant furnished medicine, according to their testimony. The physician and district attorney think they have made out a good case against the accused.

Dr. F. Geary, Esq., attorney for the defense, on cross-examining the commonwealth witnesses, elicited statements from them that Mrs. Shannon has not prescribed medicines for them, that she did not diagnose their ailments and that she did not claim to be a doctor, and that she had given them medicine to take to cure of themselves. In reply to questions, said they had been benefited as a result of taking the medicine.

EXPLANATION NEEDED

If there is a provision in the Franco-American treaty requiring it to be laid before the Senate coincident with the peace pact, statement by the President of the reasons for delay in submitting it is certainly in order. From the publication abroad of the treaty the information of the provision above noted is known. The President admits having the treaty in his possession, but has given no indication of an immediate intention to turn it over to the Senate. At the same time the President, though settled at home after his prolonged stay in Europe, is preparing to start on a jaunt to the Pacific coast to be gone for a month or six weeks. The situation naturally has not served to relieve the tension of relations between the executive and the Senate. Members of the latter declare they cannot consistently consider the peace treaty until the French treaty is submitted, if the latter is to be an adjunct of the former. In the event that no action is taken by the President, a recess of the Senate until Mr. Wilson returns from his outing is proposed.

Mr. Wilson himself has said that the French treaty is intertwined with the other yet in his silence only speculation is offered as to his reasons for withholding the instrument. The situation may be relieved at any time by the submission of the treaty, but at it has been permitted to arise is inexplicable in view of the intense desire of the President for favorable action in ratification of peace. —Gazette Times.

THE MAKERS OF WAR

By S. E. KISER

The stubborn old men who are bald and gray
Arrange the wars that the young men fight;
The old men tell us the price to pay
For the thing that they have decreed is right?
They meet in secret, the gray old men,
Whose blood in their clogged veins is cold,
And they plan the wars that are ordered when
Rewards are promised in lands or gold.

The gray old men in their cabinets,
Where the doors are locked and the bolts are strong,
Fear no such wounds as the soldier gets
Who fights the battle for right or wrong!
The old men scheme and the old men plan
And they fix the rules that the young obey
But never since glory has come to man
Have the wars been fought by the old and gray.

The grim old men who have safe repose,
While the young men bleed where the dead are strewn,
Awake to ask how the battle goes,
Or to tell us peace will be ordered soon
And we shape our thoughts to the things they say,
Believing them wise and just and sane,
But often the men who are bald and gray
Are stubborn and dense and misled and vain.

We hasten, as soon as the wounds are healed,
To pray that the ruinous wars may cease,
And after the treaties are signed and sealed
We hear that the world will have endless peace;
But our hopes and our praying will come to naught,
Unless we arrange, in some cunning way,
To leave the fighting, when wars are fought,
To the vain old men who are bald and gray.

TEACHERS SALARY BILL INCREASES SCHOOL BUDGET

Clearfield's schools cost \$57,494.66 for the term of 1917 and 1918, as the following figures will show.

The budget for the 1918-1919 term will amount approximately to \$65,000, the increase being due almost entirely to the increase in teachers' salaries, provided for in the act recently signed by Governor Sprout, following its passage by the last legislature.

The budget for the 1918-1919 term is of course based upon the expenditures for the preceding or 1917-1918 term, and in order that you may learn just what items make up the expenditures for the school year we give you herewith an itemized statement of the 1917-1918 expenses:

A Message to Women

The times have brought new and trying housekeeping problems to you—problems that have become intensified by the difficulty of securing competent domestic help.

It has accordingly devolved upon you, as upon other modern women, to be mistress of many things. While acting as mother and business manager in the home, you must also give ear now and then to appeals of the community for welfare work and social service.

You have larger responsibilities and more to do, with less time in which to do it—a condition which prompts us to invite your attention again to the family service laundry offers. We can assume for you the burden of the family washing.

We are well equipped to take over this duty. Our laundering methods have become perfected to a degree that even the most competent of laundresses cannot excel. Practices like

boiling and bleaching, for example, have been replaced by us with the improved method of sousing and rinsing in water of velvety softness and suds of pure white soap.

If you seek leisure for more devotion to the interests of your children, or time for many of the other bigger things in life, could anything be simpler than to pack your washday troubles in a laundry bag and send them to us?

Or could anything be more satisfying than to have your washing come back to you at a definite time each week, sweetly clean and beautifully finished?

Ours is a modern laundry that can give you such service—a laundry in which you will find men and women who are courteous, accommodating and desirous of extending you that washday help for which you have been waiting.

Meet your multiplied housekeeping problems in the modern way—send us your family washing. A telephone call will bring our driver.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Miles Wall and Wm. Woodside motored to Chester county last Friday where they will spend several days.

Mrs. W. A. Thompson of Main street is visiting friends at Lock Haven and Jersey Shore, Pa.

Mr. and Mrs. R. F. Hess and little son returned last evening from a motor trip to Brookville, Pa.

Mrs. Allan Moyer of Reading, Pa., is visiting at the home of her grandfather, M. C. Norris of Chestnut Ridge.

R. M. Hess of Clymer, Pa., spent Saturday and Sunday with his parents, Mr. and Mrs. O. F. Hess of Walnut street.

Anderson Creek and the smaller streams that feed it are at a very low ebb and the water is not just what it ought to be for purity. It would be a safe proposition for all who use water from the city line, the springs and pumps, to boil it thoroughly before drinking. People cannot be any too careful for the next two months at least, as medical men consider August and September to be the months for typhoid fever more than at any other time of the year, and as a rule germ-polluted drinking water is a forerunner which foments the starting of this treacherous disease. Therefore it would be a good policy for all housewives to boil water used for drinking purposes, and thereby avoid illness.

Ted Ake is home after an absence of more than a year in France. He was connected with an airplane squadron during his term of service.

Miss Annie Humphrey, who resides on the homestead farm in Pike township, near the Bloom bridge, had the misfortune to fall down a cellar stairway last week. An ear was badly lacerated and an arm severely wrenched.

Mr. and Mrs. George Daugherty, of Philadelphia are visiting at the home of Mr. and Mrs. Jas. L. Dale on George street.

Vannie Caldwell has sold his auto to a man connected with the Curwensville Garage.

Guy Demattis, of Altoona, was a guest in the home of Mr. and Mrs. Louis Burnett over Sunday. His two little daughters are spending a week or so with the Burnett family.

Born, on Sunday morning at the home of Tony Berdina, a son. As he is the first male heir to appear in a family of six girls, father and mother are correspondingly happy.

Doyle Hooven of Clearfield purchased the restaurant formerly conducted by Dan Sullivan, corner Main and Thompson street, and took possession last Saturday. He comes to Curwensville highly recommended as a first-class restaurant man.

IMPROVING PENFIELD ROAD

Foreman Thomas Hemphill and his crew of men are making decided improvement on the Penfield road from Walnut Hollow this way. They have been engaged in blowing rocks and ditching during the past week and expect to put the road machine at work about Wednesday.

This road has been in very bad shape and additional effort will be made to repair it permanently this time.

NOT IN EFFECT

Many local anglers have been confused as to when the new fish law recently passed by the legislature, which makes it legal to take trout of any size, goes into effect. A well known fisherman in this vicinity has written to Fish Commissioner Bueller regarding the question and received the reply that the law does not go into effect until next season.—DuBois Courier.

Many Cases Of Rheumatism Now

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of fleeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

WILL CAMP AT PEE WEE'S NEST

A troop of Boy Scouts from Osceola and Port Matilda, under the command of Mr. Williams, passed thru town this morning in autos on their way to the Pee Wee's Nest, above Curwensville, where they expect to spend the next week camping.

There were five autos in the party, while the bulk of the troop traveled by train.

Beach and Swimming Attire

There is variety enough in beach attire to furnish, besides the standard and conservative beach and swimming suits, many novelties. Certain smart shops assure their patrons that they have models that are exclusive and unique—models that show that women can go to the beach and bathing with over-increasing care. This season's beach clothes are attractive, and the outstanding features in them are modesty and graceful designing. The beach cape in addition to the suits, has made itself worthy of special mention.

Nothing is better than the worsteds, in which many designs have been carried out. In addition there are fiber and mercerized, and finally tafetas and satins to be considered along with accessories, the caps, shoes, sandals and hose that make up the bathing outfit.

For the girl who swims considerably and needs a strong, practical suit, the hair line stripes in pure worsted offer attractive models. They are made in two-color combinations, the long over-body bordered with plain worsted in the color of the stripe, and the trunks of the striped material. In nearly all worsted suits two colors are used or a color and white to give character and snap.

Two of the new satin suits are shown in the picture with an innovation in bloomers inviting attention in the model at the left. These suits are made of black satin embroidered in green wool. The bloomers are fashioned much like riding breeches and the overgarment is merely the over-present smock with a giraffe of green yarn.

branded and ending in tassels. Satin sandals and a smart satin cap suggest that this is more of a beach outfit than swimming suit. The cape is reversible.

The suit at the right is not meant to meet any very strenuous demands, but to look pretty while it lasts. It is made of purple satin, trimmed with folds of orchid satin and a turban of the orchid satin caps it off. These colors are apt to be unstable between sun and water, but the same model in black or navy blue with white bands will last out a season.

Julia B. Mundy

Rainbow Ribbon Hat.

A delightfully unique hat for summer wear is the rainbow ribbon one. It is made by sewing row upon row of one-inch-wide grosgrain ribbon upon a buckram mushroom shape. Start with a delicate pink at the central point of the crown and go round twice and then put in two rows of a champagne color. After the champagne use two rows of a pinkish tan. Thereafter follow two rows of the pink, and this color is followed by a pinkish lavender color for the next two rows. After completing this cycle just simply start all over again with the champagne ribbon.

Panels at the Side. Panels of embroidery, more often placed on the side of a frock rather than at the front or back, are much in evidence on elaborate dresses.

PURCHASED ROBERT WRIGLEY FARM

The Eyre Collieries company which has been operating the old Liveright mine in Lawrence township recently purchased the Robert Wrigley homestead farm from James Wrigley and will secure possession of same April 1st.

The Wrigley farm is one of the good farms of this section and had been in the Wrigley family since away back in the '50's, the house having been built in 1869. The farm consists of 150 acres, all but about nine of which are underlaid with three veins of coal.

The Eyre people are operating the lower vein which runs about 3-12 feet in thickness. Mr. Wrigley, who was born on and lived all his life on the old homestead has not decided as yet just what he will do when the time arrives for him to surrender possession.

LAST LARGE TIMBER TRACT ON SUSQUEHANNA SOLD TO JOHN COLEMAN

The last large tract of timber remaining on the Susquehanna river has been sold to John Coleman, of Williamsport, and will soon be cut. The tract, which is located between Karthaus and Keating, in Centre county, was bequeathed to the city of Philadelphia by Elias Boudinot, of that city, who died several years ago, the proceeds to be devoted to charitable activities in the Quaker City.

The sale was negotiated this week by Postmaster Paul O. Brosius, of this city. Mr. Coleman will immediately erect a sawmill in that section and begin operations.

STATE PLACES DETOUR ON SNOW SHOE ROAD

The state has established another detour in this vicinity, placing one on the Snow Shoe road in Boggs township, Centre county. It extends from Station 157 on Route No. 107 at a point on the north end of the bridge over Bald Eagle creek, near Milesburg to Station 1716 on Route No. 219, near Runville, Pa.

The detour provides for traffic from Bellefonte to Snow Shoe, and the roads are maintained by the township and are in a fairly good condition. The detour was established on Tuesday of last week, and is to be removed October 15.

Gossip for Tonight's Tea Table

Judge Bell is holding court in Pittsburgh this week.

Miss Ella Vail, well known in Clearfield, who served for more than a year as a Red Cross nurse with the American Expeditionary forces in France, arrived at her home in DuBois on July 20th. She had many interesting experiences while in the war zone.

Mr. and Mrs. M. D. Flanagan of Surveyor, were in town between trains today while on their way home from DuBois where they had been to visit Mrs. Flanagan's sister Miss Ella Vail, who recently returned from overseas service as a Red Cross nurse.

Misses Agnes Pike and Elizabeth Bain spent Sunday at the home of Mr. and Mrs. Richard Pike at Woodland.

Mr. and Mrs. H. Clark Thayer spent yesterday with friends in Mahaffey.

Guy Evans, who spent a year overseas, has been mustered out of the service and is home with his parents, Mr. and Mrs. W. M. Evans, on Dorey street.

W. T. Hinkle has returned from visiting relatives in Overton.

SENATE AWAITS
PRESIDENTIAL
ATTITUDEAny Message From The White
House Will Be Signal For
Renewal Of League Fight

NEW DEVELOPMENTS EXPECTED

By L. C. MARTIN
(United Press Correspondent)
WASHINGTON, July 28.—The eyes of the Senate were cast toward the White House today in expectation that the next move will be made in the league fight in that direction.

Whether the new move will be in the nature of a statement of the attitude on reservations, an explanation of Shantung or a statement on the failure of the President to present to the Senate a copy of the French treaty, it will be the signal for Senate activity.

Meanwhile the Senate debate on the league continues. Walsh of Montana spoke on the Irish question, Shantung and Article 10.

The Foreign Relations Committee will finish reading the text of the peace treaty and give some time to the consideration of the Columbian treaty.

Before starting on his nation-wide tour President Wilson will confer with Democratic leaders both in the Senate and House regarding the crisis in the ratification of the peace treaty and league of nations covenant. The House will recess during the trip but debating will continue in the senate. While on the tour Mr. Wilson will keep in close touch with developments at Washington and plans have been laid whereby he will be furnished copies of all speeches made so that he can bring his speeches up to date on the road. He will also be in a position to advise administration leaders on their course of action in the senate in the event of emergencies.

AGED MARIETTA
LUMBERMAN HAD
FRIENDS HERE

MARIETTA, July 28.—Another landmark has been removed from Marietta in the passing of Benjamin F. Hiestand, who, notwithstanding he was in his ninety-second year, was yet among the active business men of this community and one of those who had much to do with the shaping of the town's destinies.

Mr. Hiestand passed away surrounded by the members of his family at 4:15 o'clock Tuesday afternoon. He has frequently been referred to as one of Marietta's Grand Old Men. He was a substantial and conservative business man, a veteran banker, a practical farmer, and his philanthropic works were numerous, although he took great care to hide his charity.

He was deeply interested in the recent war and always contributed very liberally to all of the war work calls. The death of his grandson and namesake, Lieut. Benjamin Hiestand, the young aviator who lost his life June 10, 1918, in an airplane accident at Arcadia, Florida, was a great grief and shock to him.

Mr. Hiestand will be remembered by all of the pioneer lumbermen of Clearfield county. He was the Marietta buyer of many rafts which were floated from this region. It is said that the last consignment of logs which he bought were shipped by Alfred Graham and James Mitchell both of whom were personal friends of Mr. Hiestand.

CHAUTAUQUA OPENS
WITH HEADLINERS
HERE TOMORROW

This year's Chautauqua, with a program bigger and better than ever before, opens at Lower Witmer Park tomorrow afternoon and will continue during the afternoon and evening of the coming following six days.

The following telegram has been received by the local guarantors:—

Roanoke Rapids, N. C.,
June 18, 1919.

Chautauqua Guarantors,
Clearfield, Pa.

We feel it a duty to urge you to appeal to your people, young and old not to fail to hear Chancellor Bradford's wonderfully inspiring lecture. Capacity audience here listened with breathless interest to the end and wished for more. The children even were quietly attentive. Impossible to estimate the full benefit to our community but we are satisfied we have already received the full value of our Chautauqua guarantee. We enthusiastically recommend him. See to it that every child of school age hears him.

Roanoke Rapids Guarantors.

PROGRAM

First Day

AFTERNOON Admission 35 cents

2:30 Series Lecture—Chautauqua Superintendent.

Concert—Pietro Mordelia Company.

EVENING Admission 50 cents

7:30 Concert—Pietro Mordelia Company.

Lecture—Chancellor Bradford—

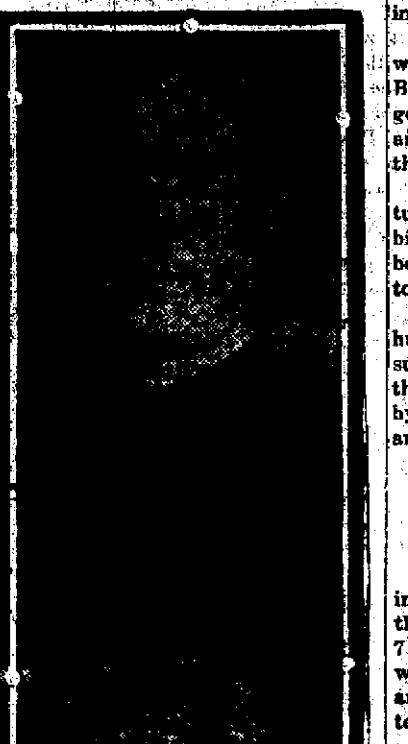

"Sunrowned Manhood."

George H. Bradford, former Chancellor of the University of Oklahoma, has just returned from Australia where he was a feature lecturer on the first Australian Chautauqua. He was chosen to help introduce the Chautauqua movement into Australia because of his power as a speaker and his virility as a man. In his lecture "Sunrowned Manhood" he has plenty of scope to utilize his great experience, his scholarly attainments, his love of humanity, and his belief in the "quest of light." He is a magnetic speaker with a splendid interpretation of a vital subject. In appearance he is like William Jennings Bryan. In eloquence he is like Bryan. Hear him on the opening night of Chautauqua.

BIDS FOR BRIDGES

KOSMAN IDEA WOULD
REDUCE H. C. OF L.

By ROBERT WELLES RITCHIE
LONDON, July 28.—The whole world will go naked as soon as it is properly educated" by the Kosmanites, a religious cult founded by D. R. Newberry, of Rochester, N. Y., fifteen years ago, the British branch of the society asserts.

Following the Revelation by a newspaper that the Plymouth colony of Kosmanites is permitting boys and girls up to fifteen years to run naked, Universal Service investigated the situation.

The correspondent found a barn-like structure, resembling an army hut, hidden away in a small woods near the suburb of Bülham, overgrown with weeds and bushes, with plenty of vegetables all around. This hut is used as a tabernacle.

The Kosmanites believe in going to "church" naked. Balthazettes hardly know of the existence of the strange creed in their midst. They thought the last deserted and were surprised to learn the "congregation" numbered more than 200.

The London Kosmanites are bitter against their Plymouth brethren, calling them "secessionists," who have no connection with the "mother church."

Brother H. T. Mercer, leader of the faithful, who is a prison warden, said indignantly:

"Plymouth acted prematurely. The world is not ready yet for nakedness. But our idea is right and our cause is good: The whole world will adopt it as soon as it embraces the teaching of the Kosman church."

"We believe in living next to nature. We are vegetarians and prohibitionists, though I believe some members of my congregation are not teetotalers."

"To display the naked beauty of the human body is all right. It gives the sun a chance to work beneficially on the body, too. Adoption of our creed by the world will come, sure as fate, and shame will disappear!"

CHAUTAUQUA GUARANTORS' MEETING TONIGHT

There will be an important meeting of all Chautauqua Guarantors at the Y. M. C. A. tonight (Monday) at 7:30. Mr. Wells, the Superintendent, will be there to meet all guarantors and to discuss several important matters at that time.

Mr. and Mrs. E. W. Gordon and family, Miss Ann Cooper and Merrill Stevens, all of Coalport, motored to Clearfield yesterday and spent the day as guests of Mr. and Mrs. A. G. Kramer on Nichols street.

Miss Mary Westcott has returned to Central State Normal School after spending the week-end with her parents on Nichols street.

Mrs. A. C. Williams and sons Bruce and Donald have returned from a visit to Liberty, Pa.

Hobart Callahan transacted business in Grassflat today.

GAME LAWS AND REGULATIONS ARE
CHANGED BY NEW LEGISLATION

HARRISBURG, July 28.—With the exception of a change in the open season for woodcock from October 20-November 30 to October 1-November 20, removing red squirrels from the protected list, making the open season for blackbirds August 1-November 30, instead of September 1-November 30, and decreasing the season's bag for rabbits from 40 to 10 and the daily bag for woodcock from ten to six, the closed seasons and the bag regulations have been unaffected by the game measures so far signed by the governor.

1919-20 Open Game Season

October 20 to November 30—Ruffed grouse, Virginia quail, ringneck pheasants, Hungarian quail, gray, black and fox squirrels.

October 1 to November 30—Woodcock.

November 15 to November 30—Wild Turkey.

August 1 to November 30—Blackbirds.

November 1 to December 15—Wild rabbit and hare.

September 1 to December 31—Raccoon.

October 15 to December 15—Bear.

December 1 to December 15—Deer.

August 1 to November 30—Upland or grass plover and blackbirds.

September 1 to November 30—Rail-coot, mudhen, redbird, sandpiper, tattler, curlew, jacksnipe and shore birds.

September 16 to January 31—Water fowl.

Bag Limits

Woodcock, six per day.

Wild turkey, one a season.

Ruffed grouse, four a day and 24 a season.

Wild rabbit, one a season.

Blackbirds, six a day and 40 a season.

Ringneck pheasants, four a day and 25 a season.

Squirrel, six a day and 20 a season.

Wild rabbits, six a day and 40 a season.

Hare, three a day and 15 a season.

Deer, one a season.

Change in Fish Laws

A series of amendments to the fish code that have been approved by the governor take the size limit of the brook and brown trout and limit the bag to 25 a day. The size limit is also taken off of yellow perch, which it is now lawful to take by any legal device during any season of the year.

The first drunk to fall into the clutches of the local police since July 1st, was picked up with a great deal of difficulty at the N. Y. C. station Saturday night. The drunk was a Hunkie from Snow Shoe and his downfall was accomplished by something a great deal stronger than 271 per cent beer.

He boarded the train at Snow Shoe or Clarence accompanied by a wicked looking quart bottle. He surrounded the contents of the bottle on the way up the line and it required four men to carry him from the train when it arrived here.

Officer Carlson commandeered a delivery truck and jazzed the souse to the lock up and Mayor Chase operated upon him Sunday morning, removing "seven beans" from his financial appendix.

DAVIS PLEASED
AT EXPOSE
BY PROGRESS

So He Said But He Failed To
Continue Business And To
Establish An Office Here

HIS ADS STILL APPEARING

The versatile and friendly Mr. Davis, self-styled bond broker and dealer in investment securities, who made DuBois his headquarters until he found it expedient to hunt green pastures, was a guest sport. Aside from making himself generally popular about the third class city, he has the happy faculty of making the best of a bad condition and taking advantage with stoicism.

While his DuBois friends were relying to his assistance on the occasion of The Progress exposure, saying that the editor did not know what he was talking about and that The Progress was most certainly abusing a deserving gentleman who was carrying on a legitimate business, Mr. Davis denied that the printed evidence was having any effect on his business and addressed a letter to The Progress which is here reprinted:

DuBois, Pa., April 30, 1919.
Mr. G. A. Stewart, Editor,
Clearfield Progress,
Clearfield, Pa.

Dear Sir:

I am in receipt of your recent communication, in which you advise me that the columns of The PROGRESS are no longer available for my advertisements. My increasing volume of business has prevented me from writing you before now, but it might interest you to know that I consider the front page publicity which you kindly gave me in your issues of April 15th and 16th, respectively, the best gratuitous publicity which I have ever enjoyed in my entire business career, and so well pleased am I with the results obtained through the columns of the CLEARFIELD PROGRESS, that I am now requesting you to send me a statement covering the entire cost of this advertising, and I will at once remit you my check in full for same. IT CERTAINLY PAYS TO ADVERTISE.

It might be well to also advise you that I was the second volunteer subscriber in my District to the present VICTORY LOAN.

Yours respectfully,

H. L. DAVIS.

Appreciating the remarks of Mr. Davis with regard to advertising as much as we do, there is the poignant odor of sour grapes to the letter. That it was not written in honesty and truth is evidenced by the fact that, though the market for bonds continued just as brisk, probably more so, Mr. Davis closed his office less than six weeks after the letter was written and reports indicate that he did little business this side of the mountain after April 25th.

It was authoritatively learned yesterday that Mr. Davis was arranging early in April to open a branch office in Clearfield, but that the articles appearing in the Progress made him change his mind about the fertility of the soil in this city.

Probably the Burns Agency can get the address of the bond broker by communicating with those Clearfield county newspapers who are still carrying his advertisements. At any rate they will probably be glad to cooperate with Mr. Burns in getting his address in the hopes of making a collection of account.

FELL FROM LIGHT POLE

JAMES SPENCE, of Cherry street, employed by the Penn Public Service Company, slipped and fell from an electric light pole along Ogden avenue, in front of the residence of Al Rodgers, about 7 o'clock last evening.

Mr. Spence lit on his head and shoulders and suffered a badly broken arm and other serious injuries. He was taken to the Clearfield hospital, where his injuries are being attended to and where he is reported this afternoon as resting fairly well and improving nicely.

HARRIS LETT
GIVES IDEAS OF
LEAGUE

Lawyer Of A League But
Not Think Present Covenant
Safe One For The U. S.

POINTS OUT ITS DEFECTS

WASHINGTON, July 28.—Charles E. Hughes in a letter to Senator Frank Hale of Maine made public today declared in favor of the league of nations but recommended that certain reservations to the present covenant be necessary to protect American interests. He made four suggestions.

First. That any action be allowed to be taken from the league after the expiration of the two year period and not at the type of those nations up the league, provided that no nation be permitted to take this step to repudiate debts or liabilities.

Second. That the matter of immigration and import duties, when they do not affect any international agreements, be matters of domestic policy and not subject to review by the league.

Third. That the United States under Article 21 make the necessary reservation to keep intact the principle of the Monroe Doctrine and that the U. S. maintain her position as protector of the western hemisphere.

Fourth. That the United States under Article 10 does not assume any obligation to use its army and navy for punitive services under the league except under authority given by the Congress.

MRS. HATTIE SHANNON
KNOWLEDGEABLE
ON MURDER

Mrs. Hattie Shannon, of DuBois, arrested at the instance of the Clearfield County Medical association on the charge of practicing medicine and dispensing cases without a license, was given a hearing before Alderman John P. Anthony, Friday afternoon. The Commonwealth, represented by District Attorney, H. T. Hall, produced ten or twelve witnesses to whom the defendant furnished medicine, according to their testimony. The physician and district attorney think they have made out a good case against the accused.

Dr. F. Geary, Esq., attorney for the defense, on cross-examining the state's witnesses, elicited statements from them that Mrs. Shannon has not prescribed medicines for them, that she did not diagnose their ailments and that she did not claim to be a doctor, and that she had given them medicine to take to cure of ben-d ailments that their physicians told them they had. Some of the witnesses, in reply to questions, said they had been benefited as a result of taking the medicine.

At the conclusion of the hearing Attorney Geary moved that defendant be discharged on the ground that no testimony was produced to show that Mrs. Shannon had violated the law, but Alderman Anthony held the case under advisement and will render his decision August 19.

EXPLANATION NEEDED

If there is a provision in the Franco-American treaty requiring it to be laid before the Senate coincident with the peace pact, statement by the President of the reasons for delay in submitting it is certainly in order. From the publication abroad of the treaty the information of the provision above noted is known. The President admits having the treaty in his possession, but has given no indication of an immediate intention to turn it over to the Senate. At the same time the President, though settled at home after his prolonged stay in Europe, is preparing to start on a jaunt to the Pacific coast to be gone for a month or six weeks. The situation naturally has not served to relieve the tension of relations between the executive and the Senate. Members of the latter declare they cannot consistently consider the peace treaty until the French treaty is submitted, if the latter is to be an adjunct of the former. In the event that no action is taken by the President, a recess of the Senate until Mr. Wilson returns from his outing is proposed.

Mr. Wilson himself has said that the French treaty is intertwined with the other yet in his silence only speculation is offered to his reasons for withholding the instrument. The situation may be relieved at any time by the submission of the treaty, but at it has been permitted to arise is inexplicable in view of the intense desire of the President for favorable action in ratification of peace. —Gazette Times.

THE MAKERS OF WAR

By S. E. KISER

The stubborn old men who are bald and gray
Arrange the wars that the young men fight;
The old men tell us the price to pay
For the thing that they have decreed is right?
They meet in secret, the gray old men,
Whose blood in their clogged veins is cold,
And they plan the wars that are ordered when
Rewards are promised in lands or gold.

The gray old men in their cabinets,
Where the doors are locked and the bolts are strong,
Fear no such wounds as the soldier gets
Who fights the battle for right or wrong!
The old men scheme and the old men plan
And they fix the rules that the young obey
But never since glory has come to man
Have the wars been fought by the old and gray.

The grim old men who have safe repose,
While the young men bleed where the dead are strewn,
Awake to ask how the battle goes,
Or to tell us peace will be ordered soon
And we shape our thoughts to the things they say,
Believing them wise and just and sane,
But often the men who are bald and gray
Are stubborn and dense and misled and vain.

We hasten, as soon as the wounds are healed,
To pray that the ruinous wars may cease,
And after the treaties are signed and sealed
We hear that the world will have endless peace;
But our hopes and our praying will come to naught,
Unless we arrange, in some cunning way,
To leave the fighting, when wars are fought,
To the vain old men who are bald and gray.

EYE TALK NO. 1

ONE PAIR OF EYES

In a lifetime. Don't neglect or abuse them. Your eyes may need attention. If so go to a competent optometrist and have them thoroughly examined, and get glasses. A good pair of glasses properly fitted will relieve headaches and nerve strain, and when accurately adjusted will bring the desired relief and comfort. The price of glasses varies according to the formula of your lenses. Some require more work to grind or make up than others. But remember, a pair of glasses not properly fitted to the eyes will harm them, no matter what the price may be. I devote my entire attention to fitting glasses, thereby reducing the cost and not dividing the responsibility that is a part of every pair of right-fitting glasses. My modern equipment enables me to save you money, time and eyes.

TEACHERS SALARY BILL INCREASES SCHOOL BUDGET

Clearfield's schools cost \$57,494.66 for the term of 1917 and 1918, as the following figures will show.

The budget for the 1918-1919 term will amount approximately to \$65,000, the increase being due almost entirely to the increase in teachers' salaries, provided for in the act recently signed by Governor Sprout, following its passage by the last legislature.

The budget for the 1918-1919 term is of course based upon the expenditures for the preceding or 1917-1918 term, and in order that you may learn just what items make up the expenditures for the school year we give you herewith an itemized statement of the 1917-1918 expenses:

A Message to Women

The times have brought new and trying housekeeping problems to you—problems that have become intensified by the difficulty of securing competent domestic help.

It has accordingly devolved upon you, as upon other modern women, to be mistress of many things. While acting as mother and business manager in the home, you must also give ear now and then to appeals of the community for welfare work and social service.

You have larger responsibilities and more to do, with less time in which to do it—a condition which prompts us to invite your attention again to the family service laundry offers. We can assume for you the burden of the family washing.

We are well equipped to take over this duty. Our laundering methods have become perfected to a degree that even the most competent of laundresses cannot excel. Practices like

boiling and bleaching, for example, have been replaced by us with the improved method of sousing and rinsing in water of velvety softness and suds of pure white soap.

If you seek leisure for more devotion to the interests of your children, or time for many of the other bigger things in life, could anything be simpler than to pack your washday troubles in a laundry bag and send them to us?

Or could anything be more satisfying than to have your washing come back to you at a definite time each week, sweetly clean and beautifully finished?

Ours is a modern laundry that can give you such service—a laundry in which you will find men and women who are courteous, accommodating and desirous of extending you that washday help for which you have been waiting.

Meet your multiplied housekeeping problems in the modern way—send us your family washing. A telephone call will bring our driver.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Miles Wall and Wm. Woodside motored to Chester county last Friday where they will spend several days.

Mrs. W. A. Thompson of Main street is visiting friends at Lock Haven and Jersey Shore, Pa.

Mr. and Mrs. R. F. Hess and little son returned last evening from a motor trip to Brookville, Pa.

Mrs. Allan Moyer of Reading, Pa., is visiting at the home of her grandfather, M. C. Norris of Chestnut Ridge.

R. M. Hess of Clymer, Pa., spent Saturday and Sunday with his parents, Mr. and Mrs. O. F. Hess of Walnut street.

Anderson Creek and the smaller streams that feed it are at a very low ebb and the water is not just what it ought to be for purity. It would be a safe proposition for all who use water from the city line, the springs and pumps, to boil it thoroughly before drinking. People cannot be any too careful for the next two months at least, as medical men consider August and September to be the months for typhoid fever more than at any other time of the year, and as a rule germ-polluted drinking water is a forerunner which foments the starting of this treacherous disease. Therefore it would be a good policy for all housewives to boil water used for drinking purposes, and thereby avoid illness.

Ted Ake is home after an absence of more than a year in France. He was connected with an airplane squadron during his term of service.

Miss Annie Humphrey, who resides on the homestead farm in Pike township, near the Bloom bridge, had the misfortune to fall down a cellar stairway last week. An ear was badly lacerated and an arm severely wrenched.

Mr. and Mrs. George Daugherty, of Philadelphia are visiting at the home of Mr. and Mrs. Jas. L. Dale on George street.

Vannie Caldwell has sold his auto to a man connected with the Curwensville Garage.

Guy Demattis, of Altoona, was a guest in the home of Mr. and Mrs. Louis Burnett over Sunday. His two little daughters are spending a week or so with the Burnett family.

Born, on Sunday morning at the home of Tony Berdina, a son. As he is the first male heir to appear in a family of six girls, father and mother are correspondingly happy.

Doyle Hooven of Clearfield purchased the restaurant formerly conducted by Dan Sullivan, corner Main and Thompson street, and took possession last Saturday. He comes to Curwensville highly recommended as a first-class restaurant man.

IMPROVING PENFIELD ROAD

Foreman Thomas Hemphill and his crew of men are making decided improvement on the Penfield road from Walnut Hollow this way. They have been engaged in blowing rocks and ditching during the past week and expect to put the road machine at work about Wednesday.

This road has been in very bad shape and additional effort will be made to repair it permanently this time.

NOT IN EFFECT

Many local anglers have been confused as to when the new fish law recently passed by the legislature, which makes it legal to take trout of any size, goes into effect. A well known fisherman in this vicinity has written to Fish Commissioner Bueller regarding the question and received the reply that the law does not go into effect until next season.—DuBois Courier.

Many Cases Of Rheumatism Now

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of fleeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

WILL CAMP AT PEE WEE'S NEST

A troop of Boy Scouts from Osceola and Port Matilda, under the command of Mr. Williams, passed thru town this morning in autos on their way to the Pee Wee's Nest, above Curwensville, where they expect to spend the next week camping.

There were five autos in the party, while the bulk of the troop traveled by train.

Beach and Swimming Attire

There is variety enough in beach attire to furnish, besides the standard and conservative beach and swimming suits, many novelties. Certain smart shops assure their patrons that they have models that are exclusive and unique—models that show that women can go to the beach and bathing with over-increasing care. This season's beach clothes are attractive, and the outstanding features in them are modesty and graceful designing. The beach cape in addition to the suits, has made itself worthy of special mention.

Nothing is better than the worsteds, in which many designs have been carried out. In addition there are fiber and mercerized, and finally tafetas and satins to be considered along with accessories, the caps, shoes, sandals and hose that make up the bathing outfit.

For the girl who swims considerably and needs a strong, practical suit, the hair line stripes in pure worsted offer attractive models. They are made in two-color combinations, the long over-body bordered with plain worsted in the color of the stripe, and the trunks of the striped material. In nearly all worsted suits two colors are used or a color and white to give character and snap.

Two of the new satin suits are shown in the picture with an innovation in bloomers inviting attention in the model at the left. This suit is made of black satin embroidered in green wool. The bloomers are fashioned much like riding breeches and the overgarment is merely the over-present smock with a giraffe of green yarn.

branded and ending in tassels. Satin sandals and a smart satin cap suggest that this is more of a beach outfit than swimming suit. The cape is reversible.

The suit at the right is not meant to meet any very strenuous demands, but to look pretty while it lasts. It is made of purple satin, trimmed with folds of orchid satin and a turban of the orchid satin caps it off. These colors are apt to be unstable between sun and water, but the same model in black or navy blue with white bands will last out a season.

Julia B. Mundy

Rainbow Ribbon Hat.

A delightfully unique hat for summer wear is the rainbow ribbon one. It is made by sewing row upon row of one-inch-wide grosgrain ribbon upon a buckram mushroom shape. Start with a delicate pink at the central point of the crown and go round twice and then put in two rows of a champagne color. After the champagne use two rows of a pinkish tan. Thereafter follow two rows of the pink, and this color is followed by a pinkish lavender color for the next two rows. After completing this cycle just simply start all over again with the champagne ribbon.

Panels at the Side. Panels of embroidery, more often placed on the side of a frock rather than at the front or back, are much in evidence on elaborate dresses.

PURCHASED ROBERT WRIGLEY FARM

The Eyre Collieries company which has been operating the old Liveright mine in Lawrence township recently purchased the Robert Wrigley homestead farm from James Wrigley and will secure possession of same April 1st.

The Wrigley farm is one of the good farms of this section and had been in the Wrigley family since away back in the '50's, the house having been built in 1869. The farm consists of 150 acres, all but about nine of which are underlaid with three veins of coal.

The Eyre people are operating the lower vein which runs about 3-12 feet in thickness. Mr. Wrigley, who was born on and lived all his life on the old homestead has not decided as yet just what he will do when the time arrives for him to surrender possession.

LAST LARGE TIMBER TRACT ON SUSQUEHANNA SOLD TO JOHN COLEMAN

The last large tract of timber remaining on the Susquehanna river has been sold to John Coleman, of Williamsport, and will soon be cut. The tract, which is located between Karthaus and Keating, in Centre county, was bequeathed to the city of Philadelphia by Elias Boudinot, of that city, who died several years ago, the proceeds to be devoted to charitable activities in the Quaker City.

The sale was negotiated this week by Postmaster Paul O. Brosius, of this city. Mr. Coleman will immediately erect a sawmill in that section and begin operations.

STATE PLACES DETOUR ON SNOW SHOE ROAD

The state has established another detour in this vicinity, placing one on the Snow Shoe road in Boggs township, Centre county. It extends from Station 157 on Route No. 107 at a point on the north end of the bridge over Bald Eagle creek, near Milesburg to Station 1716 on Route No. 219, near Runville, Pa.

The detour provides for traffic from Bellefonte to Snow Shoe, and the roads are maintained by the township and are in a fairly good condition. The detour was established on Tuesday of last week, and is to be removed October 15.

Graceful Capes Are Favored For Women's Midsummer Wraps

Perhaps because they do not crush crisp frills or crumple loose-flowing sleeves or perhaps because they are becoming to almost all types of figures, capes are so popular. At all events, they are favored by women noted for being well-dressed. The prices are moderate.

Our entire stock of women's capes now offered at low price.

Motor Eyestrain

These days when you're just about living in your motor to find the cooler places, your eyes are under more or less strain from road-squint or sunglare.

If, at the end of a trip, your headaches or you "see bits of yarn" floating down through the air, come to us and let our optometrist examine your eyes. He'll be frank and tell you the trouble.

Another New Sundae

It's a peach! That's right it's a peach. That is—it's a goodly portion of delicious ice cream topped with freshly cut ripe peaches.

The way the folks have taken to these sundaes is a caution. You'll like them, too, if you'll just come in and try one.

JORDAN'S

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.
